2014 ATMI Regional Conference

We are pleased to announce that David Cope - Dickerson Emeriti Professor of Music at the University of California-Santa Cruz - has accepted our invitation to give the ATMI/CMS Lecture for the 2012 conference. David is well known for his work in developing the EMI (Experiments in Musical Intelligence) software. EMI utilizes artificial intelligence algorithms to analyze existing music and create new compositions in the style of the original input.

In addition to speaking about his processes of developing EMI and of composing, he will share live performances of some of the original works analyzed by EMI, followed by "her" original compositions. Visit his website -   http://artsites.ucsc.edu/faculty /cope/ - and read more about his fascinating work at the intersection of music and technology.

2012 ATMI National Convention Pre-Conference Workshop on Distance Learning

Teaching Music with Distance Learning Resources
November 14, 2012
University of San Diego
San Diego, California

This workshop is based on a successful model deployed for six CMS/ATMI pre-conference technology workshops in San Antonio, Salt Lake City, Atlanta, Portland, Minneapolis, and Richmond. This year's program will offer a one-day, in-depth experience on a topic

related to distance learning, its history and future and current resources. The workshop will provide a mixture of hands-on experiences, lecture/demos, open discussion time, and sharing through a peer-reviewed "showcase" session.

For more information or to register, click here.

iPad and App Lab at the Convention

More and more musicians and educators are using iPads and apps as teaching tools in their classes. The ATMI 2012 Convention will feature an **iPad Hands-on Lab** during the conference. If you are a developer of an app, have relationships with developers, or have low cost or free app favorites that you would like to have installed for the ATMI iPad Lab, please let us know. Please send your requests to Gena_Greher@uml.edu.

Call For Nominations -
Vice President and Treasurer

This year we will elect the Vice President and Treasurer for ATMI. If you would like to run or would like to nominate someone for either of these positions, please email Alex Ruthmann (alex.ruthmann@gmail.com) by **October 1, 2012.**

Current officers:
Vice President - Gena Greher, UMass Lowell, Massachusetts
Treasurer - Rick Dammer, Rowan University, New Jersey

NOTE: Both of the current officers have agreed to run again!

Call For Interest
Technology Directory Editor

ATMI is looking for someone who can provide vision and direction for our technology directory. We are looking for a person who can bring this resource online and up-to-date.

If you are interested in this position, please **email Alex Ruthmann** (alex.ruthmann@gmail.com) by **October 12, 2012**.
